

December 20

You can even combine a pieced border with simple borders to make your quilt larger or to change the focus fabric color. Notice with this example the fabric color focus changed from the newspaper background fabric to the red.

Blocks used: December 1, 4, 10, 10b, 12b, blank squares of feature fabric 1 and background fabric A

Note: the coloring of some blocks differs from the original coloring in the quilt center.
